Mermaids and Sharks

[Verse 1]

I wish I was a mermaid, I'd swim across the sea
I wish I was a mermaid and all the fish would wink at me
With my sparkly hair and my shiny tail
I'd ride on the back of a killer whale
I wish I was a mermaid with my home out in the deep blue sea

[Verse 2]

I wish I was a shark, rough skin and fins and tail
I wish I was a shark and I'd be friends with all the whales
With my teeth so sharp I'd be able to bite
Any fish that's in my sight
I wish I was a shark and I'd be ruler of the deep blue sea

[Chorus]

Mermaids and sharks, they're friends that's what we think
They swim in the same ocean, where for all it's swim or sink
We hope the sharks don't eat us, that's what the mermaids say
The sharks just smile and pass us by saying we're too full today
